Fiesta Especial Medal

About the Artist: Valerie Flores, born October 18, 1993 in San Antonio, is known as daddy's little girl and mommy's sweet heart. At age 3 she showed signs of her artistic gifts, by making her first masterpiece, a roll of blue masking tape with over 50 nails she carefully harmed into the tape and made a crown. Her parent's keep and often remember this treasure. Her first year of middle school, she started attending River City Christian School.

Valerie is no stranger to medals. She has won plenty at the division and regional level competitions in basketball and state championships with track along with a couple of MVP medals for basketball as well. In her present junior year she has developed more passion for art. Valerie demonstrated her passion by participating and having her art rendition of the medal selected to represent Fiesta Especial 2012. This is the first time, since the events inception in 2003, that the Fiesta Especial medal has been done by a student with learning differences.
