Dear Ms. Cawthon:

I am pleased to write a letter of support for Fiesta Especial.

Our students with special needs have attended this event a number of times in past years. I do believe that the activities provided to this group of students have had an educational focus and do serve as an extension of their on-home campus instructional programs. The motor skill activities are particularly supportive of students with developmental or orthopedic disabilities. An added benefit is the outdoor setting which is extremely reinforcing for the students.

It is our hope that additional funding can be obtained to cover the cost of student participation so that we can continue to access the event.

Sincerely,

Judith Moening, Ph.D.
Executive Director of Special Education
